# Lives Saved Smoke Detectors

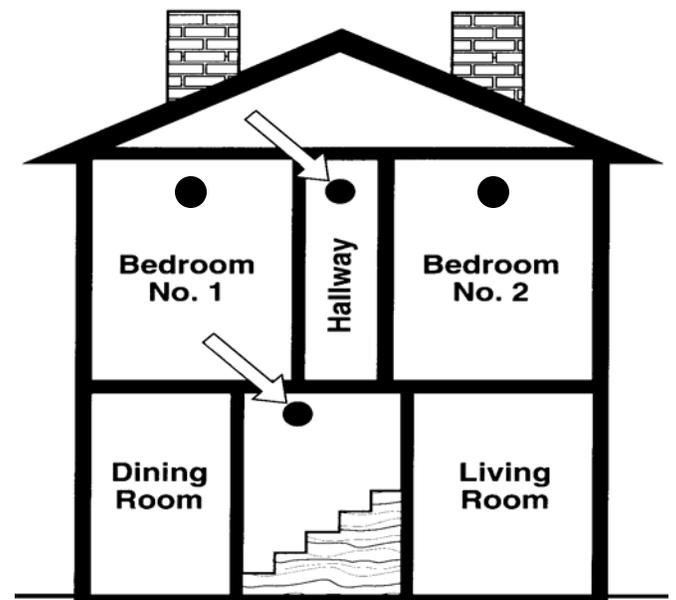

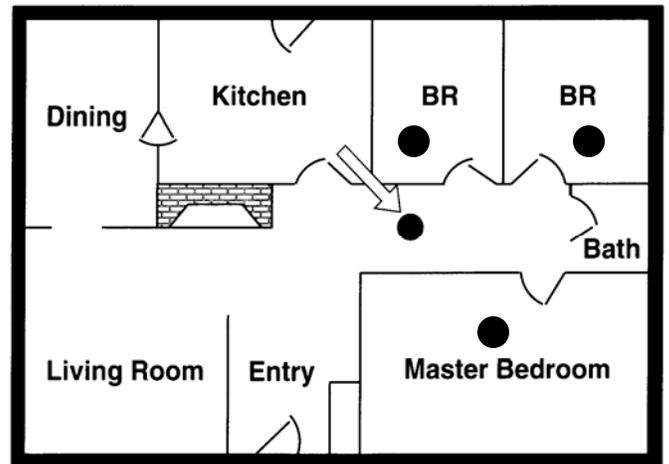

Test at least once per month.

Never borrow batteries for other uses.

Replace batteries when chirping sounds and/or every 6 months.

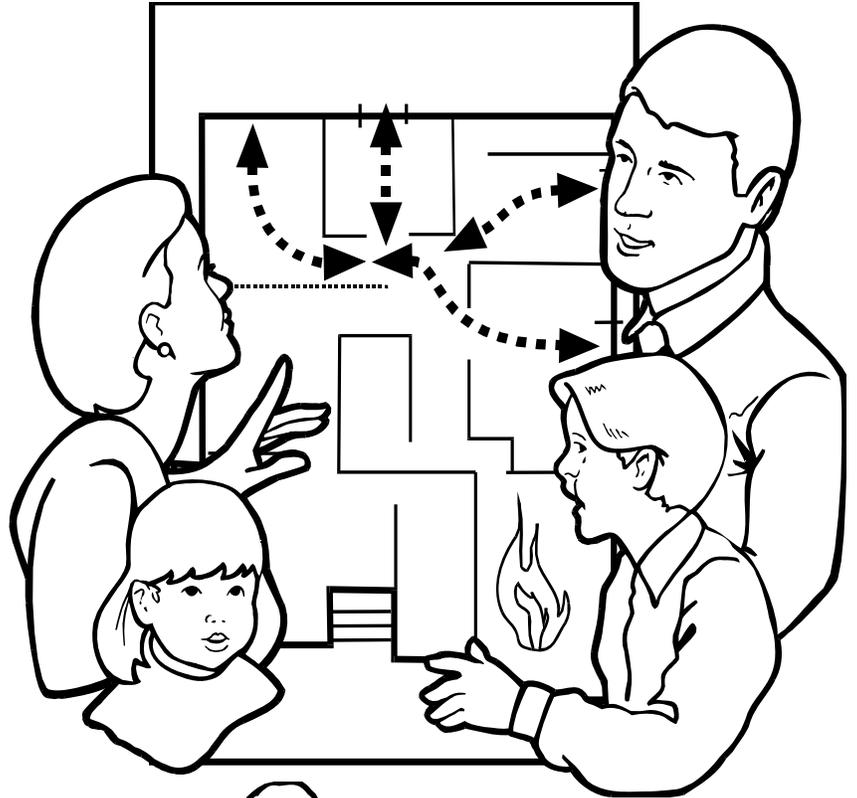

Install inside/outside sleeping areas and on every floor.

Discard old alarms & replace every ten years.

# Have an escape plan

**Make a written plan.**

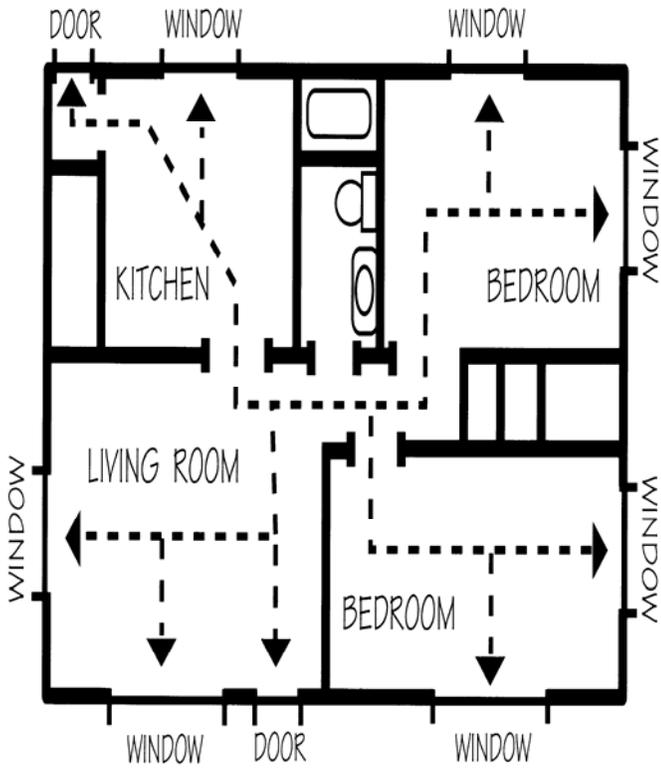

**Have a meeting place outside.**

**Two ways out of every room in the house.**

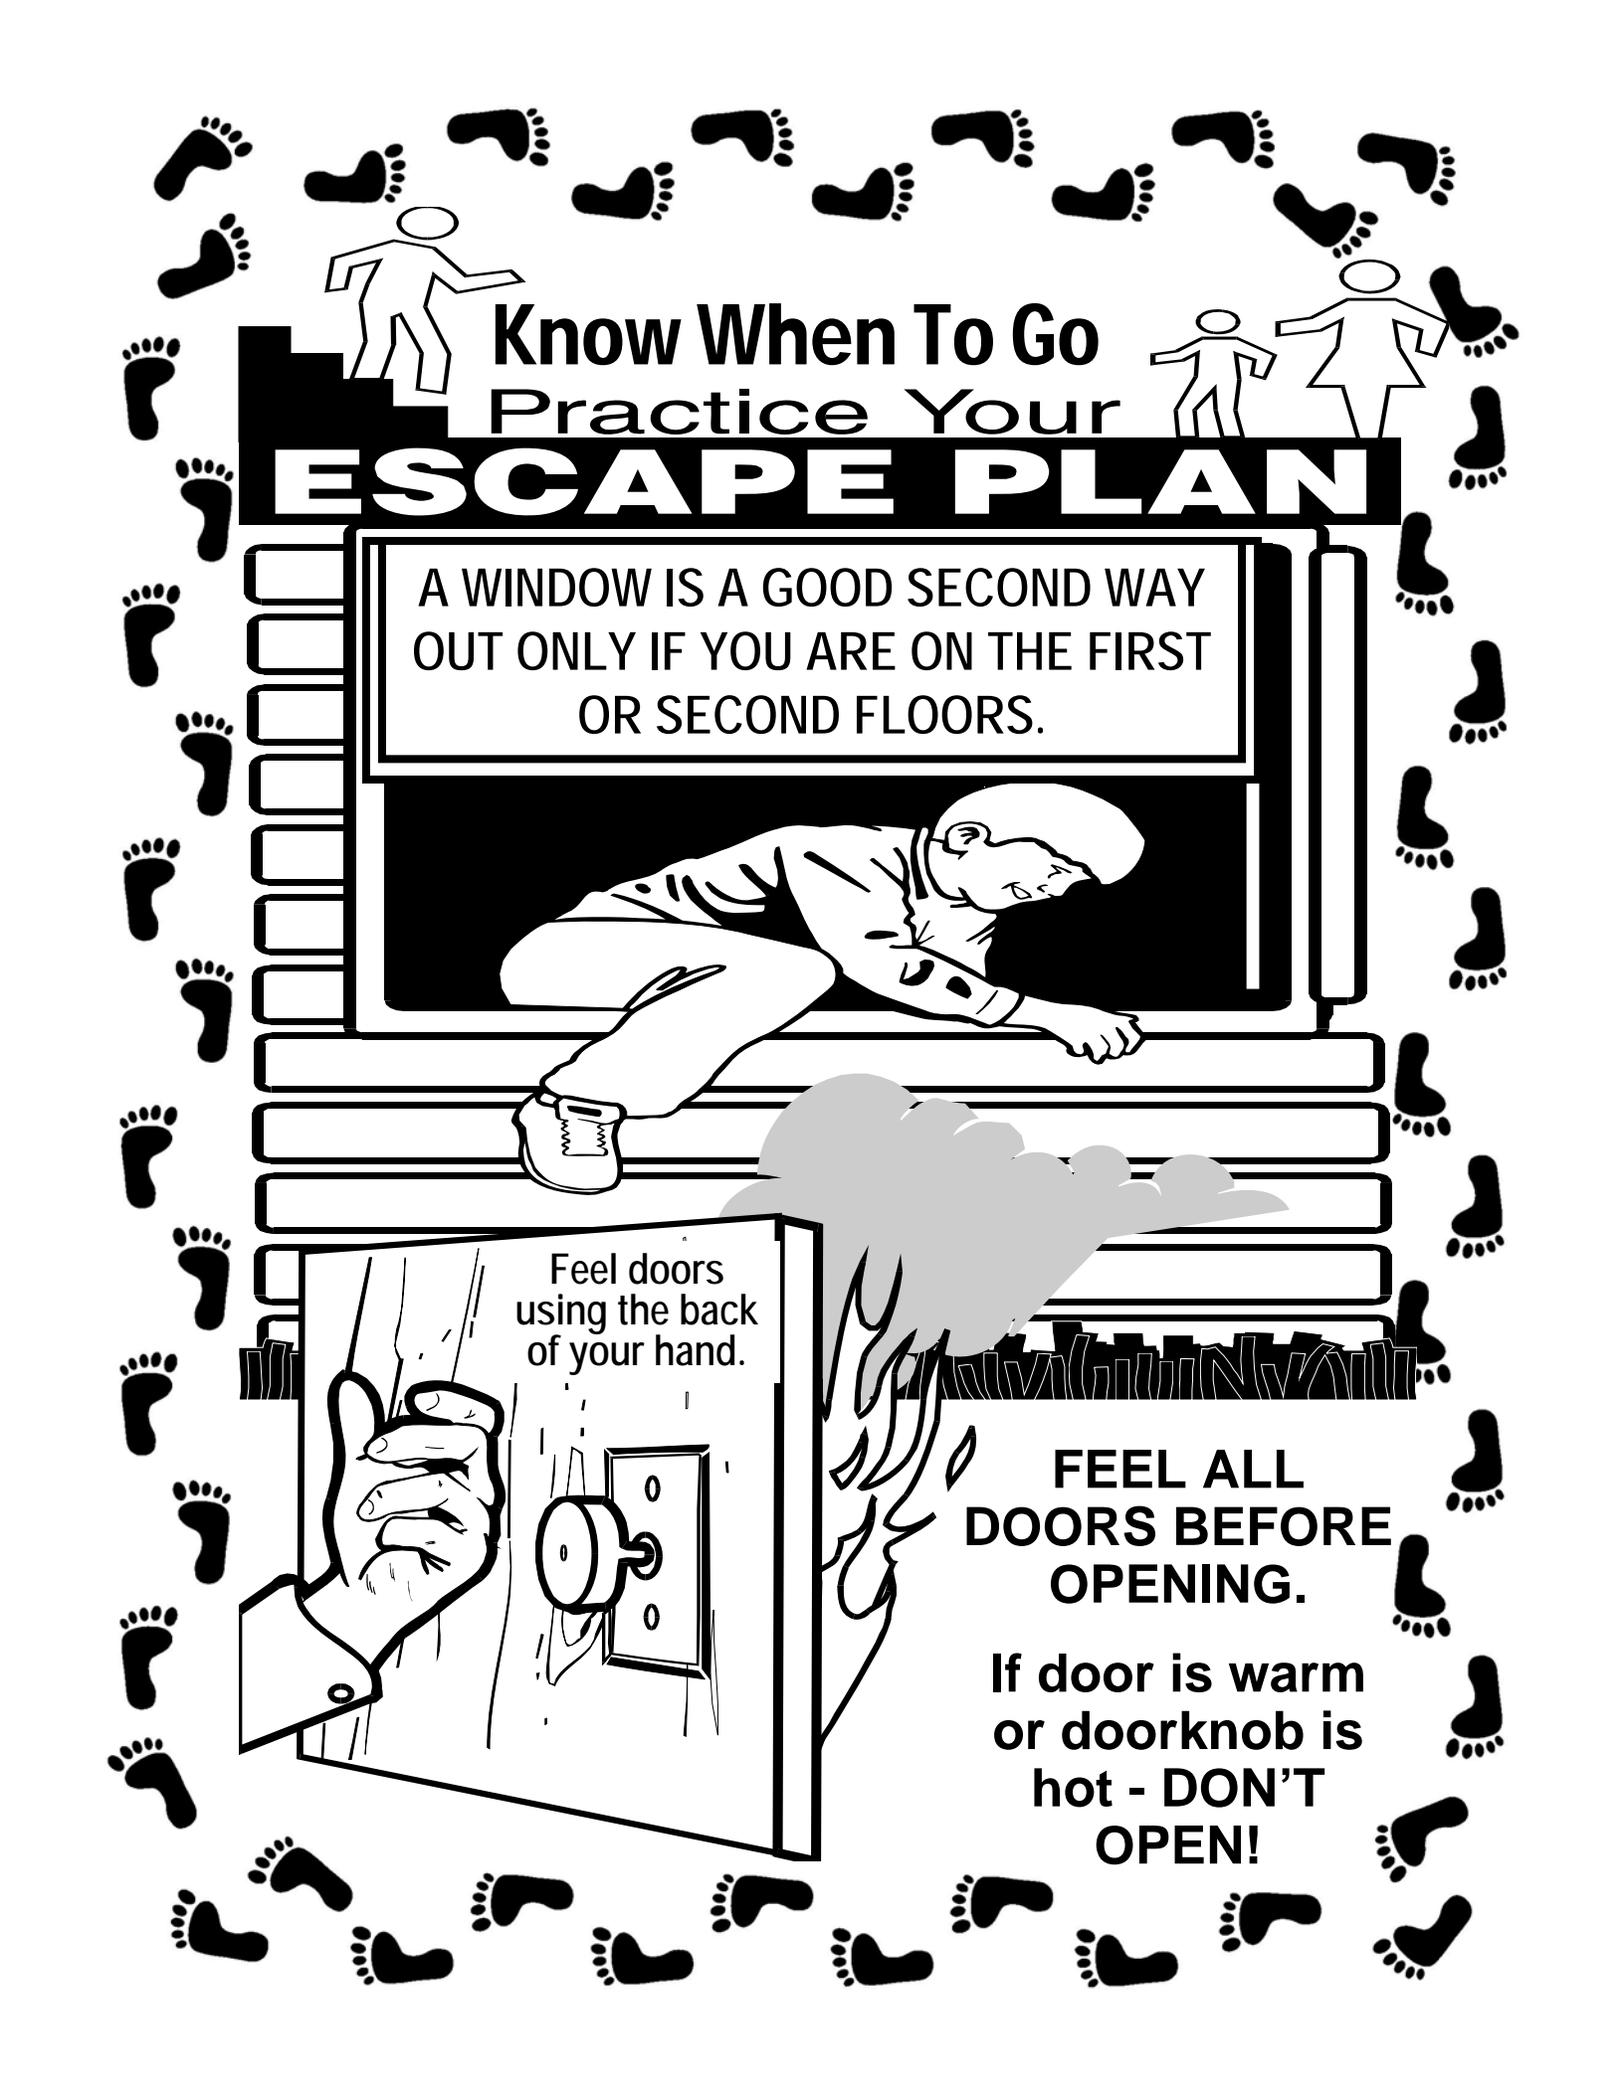

Using this example, draw a floor plan of your house below, showing two ways out of every room and a meeting place outside.

A large grid for drawing a floor plan, consisting of 20 columns and 20 rows of squares.

Reminder: Does your home escape plan include two ways out of each room and a meeting place outside?
