PRESS RELEASE

NOTICE OF TREE TRIMMING

Miami Beach, FL – As the result of cold damage in January 2010, the City of Miami Beach's large trees lining Meridian Avenue between 2nd St. and 15th St. have numerous dead branches that need to be removed for public safety and tree health.

In an effort to keep our city clean and safe, the City's Greenspace Management Division has scheduled trimming of these trees beginning Monday, June 13, 2011 and will continue for approximately three weeks. During this period, it will be necessary to implement vehicle detours and designate "No Parking" areas for the block(s) where tree trimming is taking place.

It is expected that:

- Only one or two blocks of Meridian Avenue will be affected by detours and parking closures on any specific day.
- Individual blocks will be affected for only one to three days, depending on how long it takes to trim the block's trees.
- The detours and parking closures will be in effect from 8:00 AM to 6:00 PM.

During the tree trimming, heavy branches will be dropping to the ground. The parking closures are necessary to prevent damage to parked vehicles and to provide the trimming crew with access to the trees.

Tree trimming will start on June 13 at 15th Street and will move southwards along Meridian Avenue to 2nd Street. Notices will be posted on the day before parking closures are implemented. When your block is scheduled for tree trimming and parking closures, please relocate your vehicle from the "No Parking" area before 8:00 AM.

We thank you for your patience and cooperation. If you have any questions, please feel free to contact Chris Latt at 305-673-7000 extension 6391.
