

MIAMI BEACH

As per [Miami-Dade County Emergency Order 20-20](#), effective immediately the following steps must be followed in all construction sites.

1. Safety logs are required for all construction sites with 8 or more workers.
 - a. All employees are to be screened daily before entering the site. (refer to the attached screening guide).
 - b. The log is to be kept on-site and available for building department inspection.
2. The use of a protective mask is mandatory.
3. Construction superintendents (site-supervisors) will verify that social distancing is being maintained.
4. Hand washing stations are required at construction sites.
5. No more than 10 workers in a room or area.

Failure to comply will result in a Stop Work Order (14-days minimum shut down) and a \$500 citation fee.
