MIAMIBEACH
RISING
ABOVE

Diverse Plant Palette that Creates Shade and Supports Ecology

Green Buttonwood

(Conocarpus erectus var. erectus)

Installation Height: 14 ft -20 ft

Height at Maturity in Urban Environment: 25 ft - 30 ft

Gumbo Limbo

(Bursera simaruba)

Installation Height: 14 ft -20 ft

Height at Maturity in Urban Environment : 25 ft

Wild-tamarind

Lysiloma latisiliquum

Installation Height: 14 ft

Height at Maturity in Urban Environment: 20 ft - 25 ft

Silver Buttonwood

Conocarpus erectus var. sericeus

Installation Height: 14 ft -20 ft

Height at Maturity in Urban Environment: 20 ft - 25 ft

Sea Grape

(Coccoloba uvifera)

Installation Height: 14 -16 ft

Height at Maturity in Urban Environment: 25 ft - 30 ft

Red Bay

(Persea borbonia)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 40 ft

Sea Plum

(Coccoloba uvifera x diversifolia)

Installation Height: 10 ft

Height at Maturity in Urban Environment: 15 ft

Pigeon Plum

(Coccoloba diversifolia)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 20 ft

Paradise Tree (*Simarouba glauca*)

Installation Height: 14 ft
Height at Maturity in Urban Environment : 25 ft

Bahama Strong Bark (*Boufferreria succulenta*)

Installation Height: 14 ft
Height at Maturity in Urban Environment: 20 ft

Simpson Stopper

(Myrcianthes fragrans)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 20 ft

Jamaican Dogwood

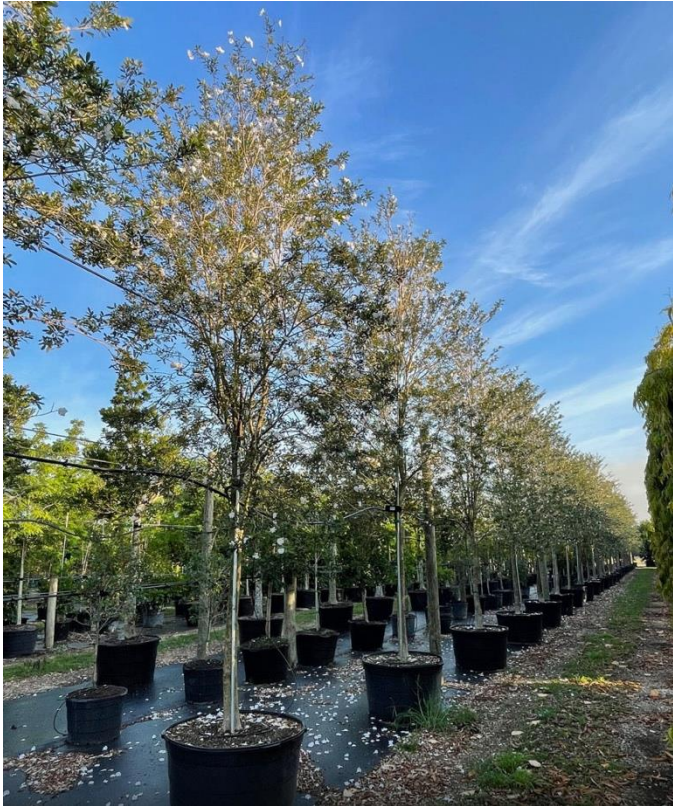

(Piscidia piscipula)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 25 ft

Bahama Tabebuia (*Tabebuia bahamensis*)

Installation Height: 14 ft
Height at Maturity in Urban Environment: 25 ft

False Mastic (*Sideroxylon foetidissimum*)

Installation Height: 14 ft
Height at Maturity in Urban Environment: 40 ft

Key Thatch

(Leucothrinax morrisii)

Installation Height: 20 ft

Height at Maturity in Urban Environment: 30 ft

Green Thatch

(Thrinax radiata)

Installation Height: 20 ft

Height at Maturity in Urban Environment: 25 ft

Buccaneer Palm

(Pseudophoenix sargentii)

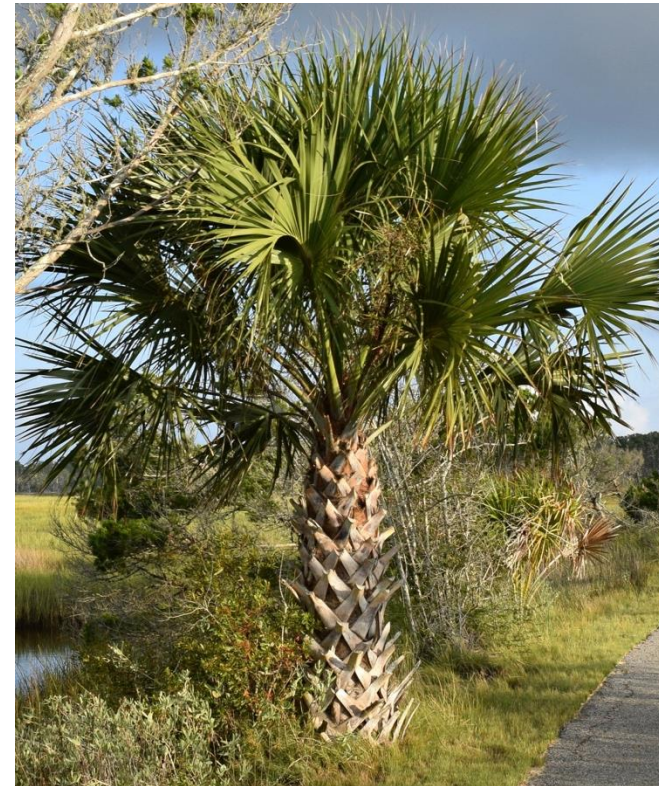

Installation Height: 20 ft

Height at Maturity in Urban Environment: 20 ft

Sabal Palm

(Sabal palmetto)

Installation Height: 14 ft -20 ft

Height at Maturity in Urban Environment: 40 ft

Vera Wood

(Bulnesia arborea)

Installation Height: 20 ft

Height at Maturity in Urban Environment: 25 ft

Clusia Rosea

(Clusia rosea Jacq.)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 25 ft

Jamaican Caper

(Capparis cynophallophora)

Installation Height: 20 ft

Height at Maturity in Urban Environment: 20 ft

Bay Rum

(Pimenta racemosa)

Installation Height: 14 ft

Height at Maturity in Urban Environment: 25 ft

Lignum Vitae Sanctum *(Guaiacum sanctum)*

Installation Height: 12 -14 ft

Height at Maturity in Urban Environment: 20 ft
