For example, the pilot Parking Incentive Program subsidy would be reduced, over a three (3) year period, as follows:

- Year 1 (12-month period): 100% subsidy at current parking rates = \$30,720 (Up to 20 cards x \$128 fee x 12 months = \$30,720)
- Year 2 (12-month period): 75% subsidy at current parking rates* = \$23,040
- Year 3 (12-month period): 50% subsidy at current parking rates* = \$15,360

*Each participating business could receive a maximum incentive of approximately \$69,120 over the course of three (3) years subject to projected Consumer Price Index (CPI) annual increase, and budget appropriation.

Incentive Amount:

- Value of up to twenty (20) parking access cards over a 12-month period contingent on the business providing records proving that its Miami Beach location provides employment to at least twenty (20) employees. Incentive amount will be based on number of current employees (up to twenty (20)).
